Information about the service

Your plan is for a post-paid mobile phone service that provides access to the Telstra Mobile Network. You can't share the mobile data with other services on your account.

Your Device Payment Contract

You may purchase an eligible device with this plan, payable over 24 or 36 interest-free monthly payments. If you receive a monthly credit and cancel your Plan or Device Payment Contract early, you will lose your credit and must pay the balance of any remaining device repayments.

Bring Your Own (BYO) Device

You can bring your own compatible device with this plan. For the best possible experience on the Telstra Mobile Network, use a handset that supports 3G-850MHz, both 4G 1800MHz and 4G 700MHz and 5G 3500 MHz banding. Check your device manual or manufacturer's website

Telstra New Phone Feeling

This service allows you to buy a new device on a 24 or 36 month Device Payment Contract (DPC) within the final 12 months of a DPC when you return the current device undamaged and in good working order and pay the upgrade fee. You won't need to pay out the remaining amount for your existing device. Available to eligible Telstra mobile or data plans.

No Excess Data Charges

With no excess data charging, if you exceed your included data allowance, your data speeds are capped at 1.5Mbps until the end of your bill cycle (not suitable for HD video or high speed applications, and means that some web pages, video/social media content and some large files may take longer to load) and slowed further during busy periods.

Information about pricing

Refer to the plan cost table. If you use your mobile for things not included in your Plan, you'll have to pay more than the Minimum Monthly Charge set out in the Plan Cost table.

What happens if I cancel my plan early?

You'll need to pay out any remaining device and accessory payments.

Changes to your plan

From time to time we may make changes to your plan, including price and inclusions, or we may move you to a new plan (which may cost more). With no lock-in, you can change your plan once a month or leave. If you leave, just pay out your device, accessories or services in full. If we change your plan or move you to a new plan:

(a) We'll give you at least 30 days' notice before making changes or automatically moving you to the closest available plan.

(b) If you don't like the changes or the new plan, you can choose a new plan (once a month) or cancel your plan. If you cancel your plan, you'll need to pay out the remaining cost of your devices, accessories or services in full.

What happens if I go overseas?

Unless you are re-contracting your existing service or have chosen to opt-out, your plan is automatically activated with International Roaming and International Day Pass. You can deactivate this by calling us on 125 109. International Day Pass, for an additional charge per day lets you make and receive unlimited standard voice calls and SMS and includes 200MB data for use each day (AEST) when travelling in Eligible Roaming Destinations. If you use more than your included data allowance on your International Day Pass, we will automatically add extra data to your service in blocks of 500MB for \$10.

Calls/SMS/MMS will be charged at international roaming rates (refer to telstra.com/overseas) and mobile data at \$3 per MB (charged per KB or part) where you:

- use your service outside of Eligible Roaming Destinations
- choose to opt out of your International Day Pass

Other Information

Understanding my bill

When you start or change your plan part way through a billing period, your first bill will have part month charges. Your Order Estimate will breakdown these charges for you and provide you with your ongoing monthly charges after your first bill.

How can I monitor and manage my usage?

You receive SMS alerts in near real-time when you reach 50%, 85% and 100% of your Monthly Data allowance.

To check your usage:

- use the Telstra 24x7 App on your compatible smartphone or tablet
- login to Telstra 24x7 My Account at telstra.com/myaccount
